

Ditec Sprint

Simply, all the comfort
that you have ever wanted

EN

Beautiful

Lovely appearance, also ideal for more sophisticated environments.

Available in the plastic version, black or light grey, or in the Alu version, for high-class internal spaces, either in residential or office, studio, and hotel settings.

Simple

Easy to install, easy to use.

The reduced weight, optional battery and arrangement of the components enable a quick mechanical and electrical installation.

Modular

The modular line, for your every requirement.

You can choose the Alu cover or the plastic one. Additional choice of: 24 V DC power supply (without transformer) and 230 V AC versions are available and the battery is always optional.

Ditec Sprint

Automation for swing doors

Facilitates movement and improves quality of life

Beautiful. The new Ditec Sprint automation, thanks to its neutral and elegant appearance is the ideal solution for both residential and high-class environments, such as professional studios, shops, offices and hotels.

Available in light grey, black or elegant satin-finished aluminium, it is suitable for internal swing doors up to 110 kg.

Simple to assemble and install thanks to the lower weight fastening plate and the adjustments which can be set on the electronic card.

Simple configuration according to user preferences and requirements, thanks to the PUSH & GO and LOW ENERGY modes, for total ease of use.

Modular. It is possible to select the 24 V DC or 230 V AC power supply operator with the desired cover, the most suitable arm and add batteries, if required: the installers just have to select what they really need and if they wish they can integrate the selectors, the sensors and the other Ditec accessories for a more complete installation.

Characteristics

Type of operation	motor opening and closing
Kinematic management	encoder
Maximum capacity (see operation diagram)	110 kg
Duration test	1,000,000 door cycles
Protection rating	IP30
Electrical protection	class I class II (plastic cover)
Operating temperature	-20°C / +55°C (-10°C / +50°C with batteries)
Opening time	3 ÷ 6 s/90° (adjustable)
Closing time	4 ÷ 7 s/90° (adjustable)
Door open pause time	0 ÷ 30 s
Product dimensions (mm)	79x93x450
Product weight	4 kg

Product range

Operator	Power supply	Cover	Transformer
SPRINTV	230 V AC	aluminium	■
SPRINTP	230 V AC	light grey plastic	■
SPRINTPN	230 V AC	black plastic	■
SPRINTLV	24 V DC	aluminium	
SPRINTL	24 V DC	light grey plastic	
SPRINTLN	24 V DC	black plastic	

SPRINTV - SPRINTLV

SPRINTP - SPRINTL
